

HCPCS Level III Interim Code List: Reimbursable Medi-Cal Only Codes

Page updated: July 2023

This section identifies the HCPCS Level III local interim codes reimbursable only by Medi-Cal and includes the type of service, the first code in the code range assigned to the service and the provider community that may bill the service. The entire code range is not listed because not all codes within the code range are current Medi-Cal benefits. Providers should refer to the appropriate Medi-Cal provider manual for specific policy and billing codes.
