

Medical Transportation Code Conversion – Policy Effective July 1, 2016

Current Billing Codes		New Billing Codes		
Interim Code	Description	National Code or Modifier	Description	Instructions and Clarifications
X0002	Response to call, two patients, each patient	A0427§	Ambulance service, advanced life support, emergency transport, level 1 (ALS1 - emergency)	Modifier UJ is to be used for night calls, 7 p.m. to 7 a.m. <u>A0427, A0429, A0433 or A0434 may only be used to bill for emergency ambulance transportation.</u>
		and		
		UN	Two patients served	
		or		
		A0429§	Ambulance service, basic life support, emergency transport (BLS - emergency)	
		and		
		UN	Two patients served	
		or		
		A0433§	Ambulance, service, advanced life support, level 2 (ALS2 - emergency)	
		and		
UN	Two patients served			
or				
A0434§	Ambulance service, specialty care services, emergency transport (SCT - emergency)			
and				
UN	Two patients served			
or				
A0427§ and UN and UJ	Services provided at night			
or				
A0429§ and UN and UJ	Services provided at night			

† A *Treatment Authorization Request* (TAR) is required for the reimbursement of any non-emergency services provided. Indicate the number of patients receiving non-emergency services in the *Medical Justification* field (Box 8C).

§ Providers must indicate if emergency services are provided by marking the *EMG* field (Box 24C) on the *CMS-1500* claim form or by including condition code 81 (emergency indicator) on the *UB-04* claim form. Providers may refer to the *Medical Transportation – Ground* and *Medical Transportation – Air* sections in the appropriate Part 2 manual for further instruction.

Medical Transportation Code Conversion (continued)

Current Billing Codes		New Billing Codes		
Interim Code	Description	National Code or Modifier	Description	Instructions and Clarifications
		or A0433§ and UN and UJ or A0434§ and UN and UJ	Services provided at night Services provided at night	
X0008	Neonatal intensive care incubator	A0225§ or A0225§ and UJ	Ambulance service; neonatal transport, base rate, emergency transport, one way Services provided at night	There is no national code for compressed air or for a neonatal incubator. Since compressed air is used in conjunction with a neonatal incubator, this service is to be included with overall neonatal transport. Modifier UJ is to be used for night calls, 7 p.m. to 7 a.m. <u>A0225 may only be used to bill for emergency ambulance transportation.</u>

† A *Treatment Authorization Request* (TAR) is required for the reimbursement of any non-emergency services provided. Indicate the number of patients receiving non-emergency services in the *Medical Justification* field (Box 8C).

§ Providers must indicate if emergency services are provided by marking the *EMG* field (Box 24C) on the *CMS-1500* claim form or by including condition code 81 (emergency indicator) on the *UB-04* claim form. Providers may refer to the *Medical Transportation – Ground* and *Medical Transportation – Air* sections in the appropriate Part 2 manual for further instruction.

Medical Transportation Code Conversion (continued)

Current Billing Codes		New Billing Codes		
Interim Code	Description	National Code or Modifier	Description	Instructions and Clarifications
X0010	Ground ambulance waiting time over 15 minutes; each 15 minutes	A0420†§	Ambulance waiting time (ALS or BLS), one-half (1/2) hour increments	Medi-Cal will reimburse up to 90 minutes, three units, of waiting time in excess of the first 15 minutes. In cases where a recipient is a neonate, Medi-Cal will reimburse up to 8 hours, 16 units, in excess of the first 15 minutes for documented waiting time needed to stabilize prior to transport. A0420 may be used to bill for either emergency or non-emergency services.
X0012	Compressed air for infant respirator	A0225§ or A0225§ and UJ	Ambulance service; neonatal transport, base rate, emergency transport, one way Services provided at night	There is no national code for compressed air for a neonatal incubator. Since compressed air is used in conjunction with a neonatal incubator, this service is to be included with overall neonatal transport. Modifier UJ is to be used for night calls, 7 p.m. to 7 a.m. <u>A0225 may only be used to bill for emergency ambulance transportation.</u>
X0014	Extra attendant – RN/EMT first hour	A0424†§	Extra ambulance attendant, ground (ALS or BLS) or air (fixed or rotary winged), (<u>per hour</u>)	<u>A0424 may be used to bill for either emergency or non-emergency services, up to a maximum of ten hours per day.</u>
X0016	Extra attendant – RN/EMT 2nd and 3rd hour each	A0424†§	Extra ambulance attendant, ground (ALS or BLS) or air (fixed or rotary winged), (<u>per hour</u>)	.

† A *Treatment Authorization Request* (TAR) is required for the reimbursement of any non-emergency services provided. Indicate the number of patients receiving non-emergency services in the *Medical Justification* field (Box 8C).

§ Providers must indicate if emergency services are provided by marking the *EMG* field (Box 24C) on the *CMS-1500* claim form or by including condition code 81 (emergency indicator) on the *UB-04* claim form.
