

Once-in-a-Lifetime Procedure Codes

Page updated: January 2025

The following is a list of various procedures the Department of Health Care Services (DHCS) considers to be once-in-a-lifetime. (For a full definition of these codes, please refer to the Physician's *Current Procedural Terminology* [CPT®] code book published by the American Medical Association).

Note: Claims submitted for any of these procedures a second time for the same recipient must include a full explanation and medical justification to avoid being denied.

Denied claims may be submitted for reconsideration through the normal claim inquiry process. (See the *CIF Overview* section in the Part 1 manual and the *CIF Completion* section in this manual for instructions).

For a complete list of Proprietary Laboratory Analyses (PLA) procedure codes with a frequency limit of once in a lifetime, refer to the *Proprietary Laboratory Analyses (PLA)* (prop lab) section in this manual.
