
CMS-1500 Completion

Page updated: August 2020

The Health Insurance Claim Form (CMS-1500) is used by Allied Health professionals, physicians, laboratories and pharmacies to bill supplies and services to the Medi-Cal program. Providers are required to purchase *CMS-1500* claim forms from a vendor. Claim forms ordered through vendors must include red “drop-out” ink.

Most claims for these services and supplies may also be submitted through Computer Media Claims (CMC). For CMC ordering and enrollment information, refer to the *CMC* section in the Part 1 manual.

For additional billing information, refer to the *CMS-1500 Special Billing Instructions*, *CMS-1500 Submission and Timeliness Instructions* and the *CMS-1500 Tips for Billing* sections in this manual.

Medicare/Medi-Cal Billing for Medical Supplies

Medicare covers certain medical supplies, listed in the *Medical Supplies: Medicare Covered Services* section of the appropriate Part 2 manual. Providers must bill Medicare prior to billing Medi-Cal for these medical supplies. Most Medicare-approved claims will cross over to Medi-Cal automatically. However, if for some reason this does not occur, providers must bill Medicare-covered medical supplies to Medi-Cal as crossover claims on the *CMS-1500* claim form with proof of Medicare billing attached. (Medi-Cal does not accept direct-to-Medi-Cal crossover claims from providers electronically. Providers must submit these claims on paper).

For more detailed crossover billing information, refer to the appropriate *Medicare/Medi-Cal Crossover Claims* section in this manual.

Durable Medical Equipment (DME)

Pharmacies that dispense Durable Medical Equipment (DME) or orthotic or prosthetic devices must bill for them on the *CMS-1500* and must be enrolled in the proper category of service with the Department of Health Care Services (DHCS), Provider Enrollment Division (PED).

Pharmacies billing on the *CMS-1500* may also bill DME using the CMC Medical Record (Claim Type 5) or the ASC X12N 837 Professional v.5010. Pharmacies billing DME electronically are subject to the enrollment requirements specified above.

Blood

Pharmacies billing for blood derivatives and cryoprecipitates (frozen blood) must bill on the *CMS-1500*.

Only one emergency indicator is allowed per claim, and must be placed in the unshaded, bottom portion of Box 24C. An Emergency Certification Statement is required for all OBRA/IRCA recipients, and any service rendered under emergency conditions that would otherwise have required authorization, such as, emergency services by allergists, podiatrists, medical transportation providers, portable imaging providers, psychiatrists and out-of-state providers. These statements must be signed and dated by the provider and must be supported by a physician, podiatrist, dentist or pharmacist’s statement, describing the nature of the emergency, including relevant clinical information about the patient’s condition. A mere statement that an emergency existed is not sufficient.</p>
24D	<p>Procedures, Services or Supplies/Modifier. Enter the applicable procedure code (HCPCS or CPT) and modifier(s). Note that the descriptor for the code must match the procedure performed and that the modifier(s) must be billed appropriately. «Medi-Cal accepts up to four modifiers for a procedure on a single claim line. Unit of Measure Qualifier/ Numeric Quantity

Claims for physician-administered drugs and contracted incontinence or disposable medical supplies may include a two-character unit of measure qualifier (F2 [International Unit], GR [gram], ML [milliliter] or UN [unit]) followed by a numeric quantity.

Note: Unit of measure and numeric quantity are optional. Absence of these two elements will not result in claim denial.

On the *CMS-1500* claim, the unit of measure qualifier and numeric quantity combined are 12 characters long. The qualifier is the first two characters and the quantity is 10 digits as follows: Digits 1-7 are the whole number portion of the quantity. Digits 8-10 are the decimal portion and must be entered whether or not there is a decimal portion to be reported. (Decimal example: For a quantity of 124.54 milliliters enter ML0000124540.)

Products billed as “each,” “inches” or “yards” with a unit of measure that is a whole number (no decimal portion) are billed as follows:

“The unit of measure qualifier/numeric quantity number is entered on the claim in 12-character format with the first two characters being “UN” and the last three “000.” For example, one “ea” item would be entered on the claim as UN0000001000, 16 “yd” (per yard) items as UN0000016000, and 240 “inch” (per inch) items as UN0000240000.”

(For codes see the *Incontinence Products* or *Medical Supply Products* sections of the *Part 2 Durable Medical Equipment [DME] and Medical Supplies or Pharmacy* manual). Medicare/Medi-Cal Recipients

Medicare non-covered services codes are listed in the Medicare non-covered services codes sections in this manual. Only those services listed in the Medicare non-covered sections may be billed directly to Medi-Cal. All others must be billed to Medicare first.

For a listing of approved CPT and Medi-Cal-only modifier codes, refer to *the Modifiers: Approved List* section in the appropriate Part 2 manual.

To determine if a medical supply must be billed to Medicare prior to billing Medi-Cal, refer to the *Medical Supplies: Medicare Covered Services* section in the appropriate Part 2 manual. Those medical supplies listed in *Medical Supplies: Medicare Covered Services* section must be billed to Medicare prior to billing Medi-Cal.
