# Local Educational Agency (LEA) Service: Speech Therapy

---

Page updated: October 2021

This section contains information about speech therapy services rendered in connection with the Local Educational Agency (LEA) Medi-Cal Billing Option Program.

- Qualifications that practitioners must meet to render services are outlined in the *Local Educational Agency (LEA) Rendering Practitioner Qualifications* section of this manual.
- Modifier descriptions are located in the *Modifiers: Approved List* section of this manual. Additional modifier information is in the *Local Educational Agency (LEA) Billing and Reimbursement Overview* section of this manual.
- «Individualized Education Plan (IEP), Individualized Family Services Plan (IFSP) and Individualized Health and Support Plan (IHSP) are defined in the *Local Educational Agency (LEA): Individualized Plans* section of this manual.»
- Documentation and records retention requirements are described in the *Local Educational Agency (LEA): A Provider's Guide* section of this manual.

## **Speech Therapy**

Speech therapy is the application of principles, methods and instrumental and noninstrumental procedures for measurement, testing, screening, evaluation, identification, prediction and counseling related to the development and disorders of speech, voice, language or swallowing. Speech-language services also include preventing, planning, directing, conducting and supervising programs for habilitating, rehabilitating, ameliorating, managing or modifying disorders of speech, voice, language or swallowing and conducting hearing screenings.

«*California Business and Professions Code (B&P Code), Section 2530.2*»

## **Covered Services**

Speech therapy services may be provided in person or via telehealth and include:

- «IEP/IFSP speech-language assessments (evaluations)
- Developmental assessments (non-IEP/IFSP)
- Hearing assessments (includes screening test, pure tone and pure tone audiometry, threshold)»
- Speech therapy treatments, including individual and group treatments

## Rendering Practitioners: Reimbursable Services

«The following chart indicates the services that are reimbursable to LEAs when performed by the indicated qualified practitioners.»

### «Reimbursable Services for Qualified Practitioners»

Qualified Practitioners	Reimbursable Services
«Licensed speech-language pathologist Credentialed speech-language pathologist»	«IEP/IFSP speech-language assessments (evaluations) Developmental assessments and hearing assessments (non-IEP/IFSP; includes screening test, pure tone and pure tone audiometry, threshold)» Speech therapy treatments, including individual and group treatments
«Speech-language pathology assistant (SLPA)»	Speech therapy treatments under the supervision of a licensed speech-language pathologist or a credentialed speech-language pathologist, including individual and group treatments (group consists of two to eight students)»

## Referrals

### «Assessments

Speech-language assessments, developmental assessments and hearing assessments (conducted outside the mandated periodicity schedule) require a written referral by a physician or dentist within the practitioner's scope of practice (Title 22 *California Code of Regulations* [CCR], Section 51309[a]). In substitution of a written referral by a physician or dentist, a registered credentialed school nurse, teacher or parent may refer the student for an assessment. The referral must be documented in the student's file.

When mandated Early and Periodic Screening, Diagnosis and Treatment hearing screenings are conducted, the Recommendations for Preventive Pediatric Health Care (known as the periodicity schedule), published by The American Academy of Pediatrics, will act as the referral for the assessment.»

## «Treatments

All treatment services must be established and documented in the student's IEP, IFSP, or other care plan. Referrals for speech therapy treatment services, as required by Title 22 CCR §51309(a), may come from physicians or dentists employed by or contracted with the LEA or may come from the student's primary care physician or dentist acting within the practitioner's scope of practice.

A referring physician does not need to be the student's primary care physician, nor does the referring physician need to personally evaluate the student to issue a referral for speech therapy treatment services. However, the referring physician must have a working relationship with the LEA and treating practitioner and must review the student's records prior to referring services. If authority has been delegated by a supervising physician, the following practitioners may sign authorization forms:

- Nurse practitioners practicing under standardized procedures, developed in collaboration with a physician (B&P Code, Section 2835.7)
- Physician assistants with a written Practice Agreement (prior to January 1, 2020, a Delegation of Services Agreement) and who are under the supervision of a licensed physician (B&P Code, Section 3502, 3502.3)

The written referral, which must be maintained in the student's files, is valid for one year from the date of the referral and must be updated annually. Referrals may be established and documented in the student's IEP, IFSP, IHSP or other care plan.»

## Physician Based Standards

If the individual written referral is provided by a licensed speech-language pathologist, the LEA must develop and implement Physician Based Standards. «Physician Based Standards must establish minimum standards of medical necessity for referrals to speech therapy treatment services. The Physician Based Standards must be reviewed and approved by a physician.» Additionally, the LEA must ensure that the standards are subsequently reviewed/revised and approved by a physician no less than once every two years. The following documentation must be maintained and available for state and/or federal review:

- In each student's file:
  - «A copy of the cover letter signed by the physician that states the physician developed, or reviewed and approved the Physician Based Standards that meet the requirement for medical necessity.» The cover letter must include contact information for the physician.
  - «Proof that the services rendered are consistent with the Physician Based Standards.»
- In the LEA's file:
  - «A printed copy of the Physician Based Standards.
  - Contact information for individuals responsible for developing the Physician Based Standards.
  - Contact information for the practitioners who have reviewed and rely upon the Physician Based Standards to document medical necessity.»

## **Supervision Requirements**

The following chart indicates whether a rendering practitioner requires supervision to provide speech therapy services.

### **«Supervision Requirements for Qualified Practitioners»**

<b>Qualified Practitioners</b>	<b>«Supervision Requirement»</b>
Licensed speech-language pathologist «Speech-language pathologist with a valid preliminary or professional clear services credential in speech-language pathology (SLP)»	No supervision required to provide speech therapy services
«Speech-language pathologist with a valid clinical or rehabilitative services credential with an authorization in language, speech and hearing or other credential authorizing service in language, speech, and hearing issued by the Commission on Teacher Credentialing.»	Requires supervision by a licensed speech-language pathologist or speech-language pathologist with a valid professional clear services credential to provide speech therapy services
«Speech-language pathology assistant	Requires supervision by a licensed speech-language pathologist or speech-language pathologist with a valid professional clear services credential to provide speech therapy treatment services»

## **Supervising Speech-Language Pathologist**

«The supervising licensed speech-language pathologist or speech-language pathologist with a valid professional clear services credential, must be individually involved with patient care and accept responsibility for the extent, kind, and quality of the services provided by the credentialed speech-language pathologist or the speech-language pathology assistant under his or her supervision. The amount and type of supervision required should be consistent with the skills and experience of the supervisee and with the standard of care necessary to provide appropriate patient treatment. The following levels of observation, contact and review are minimum standards that should be met, understanding that the time allocation varies based on the individual circumstances and the needs of the student and supervisee.»

The annual duties of the supervising speech-language pathologist include, but are not limited to:

- «At the beginning of each school year, the IEP/IFSP or other care plan for each Medicaid-eligible student will be reviewed to determine that the speech-language service plan is appropriate
- At least twice per quarter, each Medicaid-eligible student receiving speech-language services will be directly observed
- At least twice per quarter, the supervisor will confer with the supervisee about each Medicaid-eligible student
- At least twice per quarter, relevant paperwork for each Medicaid-eligible student will be reviewed to determine that the services provided are consistent with those prescribed in the IEP/IFSP or other care plan

A supervising speech-language pathologist must be available by telephone (conventional or cellular) during the workday to consult with the supervisee as needed.»

### **Service Limitations: Daily**

«Speech therapy treatment services that are authorized in an IEP, IFSP or IHSP are limited to 24 units per student per day.» This daily limitation includes a maximum of three initial service increments (3 x 15 = 45 minutes) and 21 additional service increments.

«Developmental assessments provided to non-IEP/IFSP students are limited to four units per student per day.

Non-IEP/IFSP hearing assessments (screenings) provided to non-IEP/IFSP students are limited to one per student per day.»

## **Initial and Additional Treatment Services**

An LEA provider may bill each type of speech therapy initial service (individual or group) once per student per day. The initial service for speech therapy is based on 15 to 45 **continuous** minutes; one unit may be billed for each 15-minute increment. A maximum of three units may be billed for the initial service; all units are reimbursable under one initial service maximum allowable rate.

Additional services are billed when more than 45 minutes are spent on the initial service. «Additional services are billed in time increments of 15 minutes and may be rounded up when seven or more **continuous** minutes are provided.» Additional LEA services must be billed in conjunction with an initial service treatment CPT® code. If the student receives more than one treatment session per day (for example, two speech therapy sessions at different times during the day), the total treatment time for the second session must be billed as additional treatment services.

## **Speech Therapy and Telehealth**

Speech therapy services delivered via telehealth are subject to the same Medi-Cal requirements as services delivered in person, including provider qualifications, confidentiality of information, service requirements and documentation of services.

Refer to the *Local Educational Agency (LEA): Telehealth* section of the Part 2 provider manual for telehealth guidelines, definitions and billing information.

### **«For dates of service on or after March 1, 2020, until the termination of the COVID-19 Public Health Emergency (PHE):**

LEAs may bill for covered direct speech therapy services provided via telehealth under the LEA Medi-Cal Billing Option Program when the speech therapy services are provided by a licensed or credentialed speech-language pathologist and are authorized in a student's IEP, IFSP or IHSP. Speech therapy services provided via telehealth are reimbursable when performed according to telemedicine guidelines: the speech therapy services must be billed with modifier 95 (synchronous telemedicine service rendered via a real-time interactive audio and video telecommunications system) – consistent with telehealth policy prior to the COVID-19 PHE – and the appropriate CPT code. All other telehealth claims must be submitted through the fiscal intermediary without modifier 95 to receive reimbursement.

### **For dates of service on July 1, 2016 up to March 1, 2020:**

Covered speech therapy assessment and treatment services, including individual and group treatments, may be billed by participating LEAs when performed via telehealth and part of a student's Individualized Education Plan (IEP) or Individualized Family Services Plan (IFSP). No other covered services provided via telehealth are reimbursable under the LEA Medi-Cal Billing Option Program during this timeframe. Only a licensed speech-language pathologist can be reimbursed for IEP/IFSP speech therapy services delivered via telehealth.»

## **Procedure Codes/Service Limitations Chart: Speech Therapy**

The following chart contains CPT procedure codes with modifiers to bill for speech therapy services. Service limitations are also included. IEP/IFSP services provided by interactive telehealth must be billed with modifier 95.

Reimbursement rates for these services are in the *Local Educational Agency (LEA) Billing Codes and Reimbursement Rates* section of the LEA provider manual.

Facility fee and transmission costs incurred while providing telehealth services via audio/video communication are not reimbursable.

### **IEP/IFSP Assessments: Evaluation of Speech Fluency (92521)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92521 TL»	Initial IFSP evaluation of speech fluency	One per lifetime per provider
«92521 TL, 95 (Telehealth)»	Initial IFSP evaluation of speech fluency via telehealth	One per lifetime per provider
«92521 TM»	Initial or triennial IEP evaluation of speech fluency	One every third state fiscal year per provider
«92521 TM, 95 (Telehealth)»	Initial or triennial IEP evaluation of speech fluency via telehealth	One every third state fiscal year per provider
«92521 52, TL»	Annual IFSP evaluation of speech fluency	«One every state fiscal year per provider when an initial IFSP evaluation of speech fluency (92521 TL) is not billed»
«92521 52, TL, 95 (Telehealth)»	Annual IFSP evaluation of speech fluency via telehealth	«One every state fiscal year per provider when an initial IFSP evaluation of speech fluency via telehealth (92521 TL, 95) is not billed»

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Fluency (92521) (continued)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92521 52, TM»	Annual IEP evaluation of speech fluency	«One every state fiscal year per provider when an initial/triennial IEP evaluation of speech fluency (92521 TM) is not billed»
«92521 52, TM, 95 (Telehealth)»	Annual IEP evaluation of speech fluency via telehealth	«Initial/triennial IEP evaluation of speech fluency via telehealth (92521 TM, 95) is not billed»
«92521 TS, TL»	Amended IFSP evaluation of speech fluency	One every 30 days per provider
«92521 TS, TL, 95 (Telehealth)»	Amended IFSP evaluation of speech fluency via telehealth	One every 30 days per provider
«92521 TS, TM»	Amended IEP evaluation of speech fluency	One every 30 days per provider
«92521 TS, TM, 95 (Telehealth)»	Amended IEP evaluation of speech fluency via telehealth	One every 30 days per provider

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Sound Production (92522)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92522 TL»	Initial IFSP evaluation of speech sound production	One per lifetime per provider Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TL, 95 (Telehealth)»	Initial IFSP evaluation of speech sound production via telehealth	One per lifetime per provider Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TM»	Initial or triennial IEP evaluation of speech sound production	One every third state fiscal year per provider Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TM, 95 (Telehealth)»	Initial or triennial IEP evaluation of speech sound production via telehealth	One every third state fiscal year per provider Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 52, TL»	Annual IFSP evaluation of speech sound production	«One every state fiscal year per provider when an initial IFSP evaluation of speech sound production (92522 TL) is not billed.» Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 52, TL, 95 (Telehealth)»	Annual IFSP evaluation of speech sound production via telehealth	«One every state fiscal year per provider when an initial IFSP evaluation of speech sound production via telehealth (92522 TL, 95) is not billed.» Cannot be reimbursed if 92523 is paid for same student on the same day.

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Sound Production (92522) (continued)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92522 52, TM»	Annual IEP evaluation of speech sound production	«One every state fiscal year per provider when an initial/triennial IEP evaluation of speech sound production (92522 TM) is not billed.» Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 52, TM, 95 (Telehealth)»	Annual IEP evaluation of speech sound production via telehealth	«One every state fiscal year per provider when an initial/triennial IEP evaluation of speech sound production via telehealth (92522 TM, 95) is not billed.» Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TS, TL»	Amended IFSP evaluation of speech sound production	One every 30 days per provider. Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TS, TL, 95 (Telehealth)»	Amended IFSP evaluation of speech sound production via telehealth	One every 30 days per provider. Cannot be reimbursed if 92523 is paid for same student on the same day.
«92522 TS, TM»	Amended IEP evaluation of speech sound production	One every 30 days per provider. Cannot be reimbursed if 92523 is paid for same student on the same day
«92522 TS, TM, 95 (Telehealth)»	Amended IEP evaluation of speech sound production via telehealth	One every 30 days per provider. Cannot be reimbursed if 92523 is paid for same student on the same day

## «Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Sound Production with Evaluation of Language Comprehension/Expression (92523)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92523, TL»	Initial IFSP evaluation of speech sound production with evaluation of language comprehension/expression	One per lifetime per provider Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TL, 95 (Telehealth)»	Initial IFSP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	One per lifetime per provider Cannot be reimbursed if 92522 is paid for same student on the same day
«92523 TM»	Initial or triennial IEP evaluation of speech sound production with evaluation of language comprehension/expression	One every third state fiscal year per provider Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TM, 95 (Telehealth)»	Initial or triennial IEP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	One every third state fiscal year per provider Cannot be reimbursed if 92522 is paid for same student on the same day

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Sound Production with Evaluation of Language Comprehension/Expression (92523) (continued)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92523 52, TL»	Annual IFSP evaluation of speech sound production with evaluation of language comprehension/expression	«One every state fiscal year per provider when an initial IFSP evaluation of speech sound production with evaluation of language comprehension/expression (92523 TL) is not billed»  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 52, TL, 95 (Telehealth)»	Annual IFSP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	«One every state fiscal year per provider when an initial IFSP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth (92523 TL, 95) is not billed»  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 52, TM»	Annual IEP evaluation of speech sound production with evaluation of language comprehension/expression	«One every state fiscal year per provider when an initial/triennial IEP evaluation of speech sound production with evaluation of language comprehension/ expression (92523 TM) is not billed»  Cannot be reimbursed if 92522 is paid for same student on the same day.

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Evaluation of Speech Sound Production with Evaluation of Language Comprehension/Expression (92523) (continued)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92523 52, TM, 95 (Telehealth)»	Annual IEP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	«One every state fiscal year per provider when an initial/triennial IEP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth (92523 TM, 95) is not billed»  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TS, TL»	Amended IFSP evaluation of speech sound production with evaluation of language comprehension/expression	One every 30 days per provider  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TS, TL, 95 (Telehealth)»	Amended IFSP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	One every 30 days per provider  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TS, TM»	Amended IEP evaluation of speech sound production with evaluation of language comprehension/expression	One every 30 days per provider  Cannot be reimbursed if 92522 is paid for same student on the same day.
«92523 TS, TM, 95 (Telehealth)»	Amended IEP evaluation of speech sound production with evaluation of language comprehension/expression via telehealth	One every 30 days per provider  Cannot be reimbursed if 92522 is paid for same student on the same day.

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Behavioral and Qualitative Analysis of Voice and Resonance (92524)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92524 TL»	Initial IFSP behavioral and qualitative analysis of voice and resonance	One per lifetime per provider
«92524 TL, 95 (Telehealth)»	Initial IFSP behavioral and qualitative analysis of voice and resonance via telehealth	One per lifetime per provider
«92524 52, TL»	Annual IFSP behavioral and qualitative analysis of voice and resonance	«One every state fiscal year per provider when an initial IFSP behavioral and qualitative analysis of voice and resonance (92524 TL) is not billed»
«92524 52, TL, 95 (Telehealth)»	Annual IFSP behavioral and qualitative analysis of voice and resonance via telehealth	«One every state fiscal year per provider when an initial IFSP behavioral and qualitative analysis of voice and resonance via telehealth (92524 TL, 95) is not billed»
«92524 52, TM»	Annual IEP behavioral and qualitative analysis of voice and resonance	«One every state fiscal year per provider when an initial/triennial IEP behavioral and qualitative analysis of voice and resonance (92524 TM) is not billed»
«92524 52, TM, 95 (Telehealth)»	Annual IEP behavioral and qualitative analysis of voice and resonance via telehealth	«One every state fiscal year per provider when an initial/triennial IEP behavioral and qualitative analysis of voice and resonance via telehealth (92524 TM, 95) is not billed»

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**IEP/IFSP Assessments: Behavioral and Qualitative Analysis of Voice and Resonance (92524) (continued)**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92524 TS, TL»	Amended IFSP behavioral and qualitative analysis of voice and resonance	One every 30 days per provider
«92524 TS, TL, 95 (Telehealth)»	Amended IEP behavioral and qualitative analysis of voice and resonance via telehealth	One every 30 days per provider
«92525 TS, TM»	Amended IEP behavioral and qualitative analysis of voice and resonance	One every 30 days per provider
«92525 TS, TM, 95 (Telehealth)»	Amended IEP behavioral and qualitative analysis of voice and resonance via telehealth	One every 30 days per provider

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»

**«Speech Therapy Treatments (1 Unit = 15 Minutes) (Pursuant to IEP, IFSP or IHSP)»**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92507 TL»	IFSP individual speech therapy initial service, 15 to 45 minutes	3 units per day per provider
«92507 TL, 95 (Telehealth)»	IFSP individual speech therapy initial service, 15 to 45 minutes, via telehealth	3 units per day per provider
«92507 TM»	IEP individual speech therapy initial service, 15 to 45 minutes	3 units per day per provider
«92507 TM, 95 (Telehealth)»	IEP individual speech therapy initial service, 15 to 45 minutes, via telehealth	3 units per day per provider
«92507 22, TL»	IFSP individual speech therapy service, additional 15 minute increment	21 units per day per provider
«92507 22, TL, 95 (Telehealth)»	IFSP individual speech therapy service, additional 15 minute increment, via telehealth	21 units per day per provider

**«Qualified Practitioners (Modifier):**

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)
- Registered speech-language pathology assistant (HM)»

**«Speech Therapy Treatments (1 Unit = 15 Minutes) (Pursuant to IEP, IFSP or IHSP)  
(continued)»**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
«92507 22, TM»	IEP individual speech therapy service, additional 15 minute increment	21 units per day per provider
«92507 22, TM, 95 (Telehealth)»	IEP individual speech therapy service, additional 15 minute increment, via telehealth	21 units per day per provider
«92508 TL»	IFSP group speech therapy initial service, 15 to 45 minutes	3 units per day per provider
«92508 TL, 95 (Telehealth)»	IFSP group speech therapy initial service, 15 to 45 minutes via telehealth	3 units per day per provider
«92508 TM»	IEP group speech therapy initial service, 15 to 45 minutes	3 units per day per provider
«92508 TM, 95 (Telehealth)»	IEP group speech therapy initial service, 15 to 45 minutes via telehealth	3 units per day per provider
«92508 22, TL»	IFSP group speech therapy service, additional 15 minute increment	21 units per day per provider
«92508 22, TL, 95 (Telehealth)»	IFSP group speech therapy service, additional 15 minute increment via telehealth	21 units per day per provider
«92508 22, TM»	IEP group speech therapy service, additional 15 minute increment	21 units per day per provider
«92508 22, TM, 95 (Telehealth)»	IEP group speech therapy service, additional 15 minute increment via telehealth	21 units per day per provider

«Qualified Practitioners (Modifier):

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)
- Registered speech-language pathology assistant (HM)»

**Non-IEP/IFSP Assessments**

<b>Procedure Code/Modifier</b>	<b>LEA Program Usage</b>	<b>LEA Limitations (Per Student)</b>
92551 GN	Hearing assessment, per encounter (screening test, pure tone, air only)	One per day
92552 GN	Hearing assessment, per encounter (pure tone audiometry, threshold, air only)	One per day
96110 GN	Developmental assessment, each completed 15 minute increment (applies to initial assessment and re-assessment)	4 units per day

«Qualified Practitioners (Modifier):»

- Licensed speech-language pathologist (GN)
- Credentialed speech-language pathologist (GN)»
