
Share of Cost (SOC): 25-1 for Long Term Care

Page updated: December 2023

«This manual section has been retained to provide reference to LTC-related billing instructions for dates of service prior to February 1, 2024. This manual section is not live and does not reflect current billing policy and should not be referenced when billing for dates of service on or after February 1, 2024. For current billing instructions as of February 1, 2024, refer to the appropriate manual section in the [Long Term Care Provider Manual](#).»

This section explains how to complete claims for services rendered to recipients who have a Share of Cost (SOC). Refer to the *Share of Cost (SOC)* section in the Part 1 manual for an explanation of SOC and how to determine the following:

- If a recipient must pay an SOC
- The SOC amount a recipient must pay

Instructions for performing SOC clearance transactions are given in the *AEVS: Transactions* section in the Part 1 manual or the *Medi-Cal Web Site Quick Start Guide*.

Share of Cost Clearance Transactions

Long Term Care (LTC) facilities may be required to perform SOC clearance transactions when a recipient with an unmet SOC is admitted, or when a recipient's SOC exceeds the total charges of the Medi-Cal rate for a given month's stay.

Determining How Much to Bill Recipient

LTC facilities must perform an eligibility verification transaction every month for each Medi-Cal recipient residing in the facility. The eligibility verification transaction shows how much SOC a recipient must pay for the month, if any. If a recipient has not spent any of the SOC in the month, the facility bills the recipient for the entire SOC.

SOC for Non-Covered Services

If a recipient has spent part of the SOC on "non-covered" medical or remedial services or items (see "Non-Covered Medical Services Defined: Requirements of Johnson v. Rank" on a following page in this section), the facility subtracts those amounts from the recipient's SOC and bills the recipient in an amount equal to the recipient's remaining SOC.

Medical expenses incurred during the month by new recipients while outside the facility may also reduce the amount which the facility bills to the recipient.

Note: LTC facilities must document a recipient's expenditures on non-covered medical services and items by completing the *Record of Non-Covered Services* (DHS 6114 form). Completion instructions appear on a following page in this section.

Refer to the *Rates: Facility Reimbursement – Miscellaneous Inclusive and Exclusive Items* section in this manual for information on non-covered services.

Determining How Much to Bill Medi-Cal

To determine how much to bill Medi-Cal, subtract from a facility's monthly Medi-Cal rate the amount billed to the recipient and bill Medi-Cal for the remainder. (See the following "SOC Field on Claim." See the *Payment Request for Long Term Care [25-1] Completion* section in this manual for detailed instructions on completing the 25-1 form.)

Non-Covered Medical Services Defined Requirements of Johnson v. Rank

As a result of the Johnson v. Rank lawsuit, Medi-Cal recipients, not their providers, can elect to use their Share of Cost (SOC) funds to pay for necessary, non-covered, medical or remedial-care services, supplies, equipment and drugs (medical services) that are prescribed by a physician and part of the "plan of care" authorized by the recipient's attending physician. (See the *Patient Plans of Care for Long Term Care* section in this manual for additional information.) Physicians' prescriptions for SOC expenditures must be maintained in the patient's medical record and available for audit by the Department of Health Care Services (DHCS).

A medical service is considered a non-covered benefit if either of the following statements is true:

- The medical service is rendered by a non-Medi-Cal provider; or
- The medical service falls into the category of services for which a *Treatment Authorization Request* (TAR) must be submitted and approved before Medi-Cal will pay and either (1) a TAR is not submitted or (2) a TAR is submitted but is denied by Medi-Cal because the service is not considered medically necessary.

SOC Field on Claim

SOC is entered in the *Patient Liability/Medicare Deduct* field (Box 18, 37, 56, 75, 94 or 113). If the SOC for a straight Medi-Cal claim is zero, enter 000 in this field. Do not leave blank.

In the following example, the SOC amount, \$250.00, is entered as 25000. Do not enter decimal points or dollar signs. Enter the full dollar amount and cents amounts, even if the amount is even. Refer to the *Payment Request for Long Term Care (25-1) Completion* section in this manual for additional information.

Sample: Share of Cost Amount in *Patient Liability/Medicare Deduct* Field (Box 18)

Billing for LTC Resident Aid Code 13

Case scenario: A 65-year-old recipient resides in an LTC facility with a monthly SOC of \$250. The recipient is Medi-Cal eligible with aid code 13.

Billing for LTC Resident: Aid Code 13 Case Scenario

Dates	Gross Amount	SOC	Net Amount Billed
10/01/15 thru 10/20/15	\$2000.00	\$250.00	\$1750.00

The facility collects SOC on the first day of the month, and the recipient pays her entire \$250 SOC. The LTC facility bills Medi-Cal for 30 days of service and submits a claim showing that the patient liability of \$250 has been met.

To bill, enter dates of service in the *From* field (Box 12) and *Thru* field (Box 13). Enter the total charges in the *Gross Amount* field (Box 17). Enter the amount of recipient’s SOC applied to this claim in the *Patient Liability/Medicare Deduct* field (Box 18). Enter the difference between Box 17 and Box 18 in the *Net Amount Billed* field (Box 20).

This is a sample only. Please adapt to your billing situation.

Sample: Share of Cost Amount in *Patient Liability/Medicare Deduct* Field (Box 18)

RAD Payment Summary

SOC claims are reviewed prior to payment. Because the recipient's SOC is met as indicated on the claim, services appear as "Denied" on *Remittance Advice Details* (RAD) code 022 or with a payment amount of \$0. The \$1750 appears in the "Approved" group as partially paid. The Medi-Cal allowed amount for this service is reduced by the SOC amount. RAD code 408 indicates payment was reduced because of patient liability.

Billing With Non-Covered Services on Claim

When a facility collects from recipients less than their full SOC (for example, part of SOC was expended on "non-covered" medical services or items), an explanation must be entered in the *Explanations* area of the *Payment Request for Long Term Care*. See Figure 1 on a following page in this section.

Line 1 Explanation

The *Explanations* area identifies the SOC for the recipient as \$300 minus the non-covered services of \$27.70, leaving the patient's liability at \$272.30 (Box 18). The gross amount, \$2769.30 (Box 17), minus the patient's liability, \$272.30 (Box 18), equals the net amount billed, \$2497 (Box 20).

Line 2 Explanation

The *Explanations* area identifies the SOC for the recipient as \$200 minus the non-covered services of \$47, leaving the patient's liability at \$153.00 (Box 37). The gross amount, \$2769.30 (Box 36), minus the patient's liability, \$153 (Box 37), equals the net amount billed, \$2616.30 (Box 39).

Over-the-Counter Drugs Included in Facility's Per Diem Rate

Non-legend (over-the-counter) drugs cannot be billed on a recipient's SOC since these drugs are included in the per-diem rate paid to a facility. Furthermore, under federal law insulin cannot be billed to a recipient's SOC by a Medi-Cal enrolled pharmacy because it is separately billable to the program. This applies to all separately billable services. If the recipient is in an LTC facility, over-the-counter drugs cannot be billed to Medi-Cal, to the patient or as a SOC transaction.

SOC Record Keeping: Record of Non-Covered Serviced (DHS 6114)

Expenditures from a recipient's SOC funds must be recorded on the *Record of Non-Covered Services* (DHS 6114 form). The following information must be entered:

- Name of company/provider rendering service
- Name of physician prescribing items or rendering service
- Date on which service is provided
- Description of service provided
- Amount patient paid for services

Refer to the sample completed DHS 6114 on a following page in this section.

For every month in which a recipient expends SOC on non-covered services, form DHS 6114 must be completed and retained for auditing purposes in the recipient's LTC facility case file for three years. It is not necessary to send this form to Medi-Cal.
