

Stakeholder Electronic Notification System

The Department of Health Care Services (DHCS) Provider Enrollment Division (PED) created an email service for stakeholders. Subscribing to one or more of the available lists will allow you to more quickly receive updates from PED by way of email rather than regular mail.

Existing stakeholders are automatically subscribed to the email service. Stakeholders and prospective stakeholders specifically wishing to opt out and receive updates by mail can contact DHCSPEDSTAKEHOLDER@dhcs.ca.gov stating this request.

Drug Medi-Cal (DMC) Providers
