Admissions and Discharges

Page updated: April 2023

This section describes admission and discharge procedures for Long Term Care (LTC) facilities.

«For the purposes of this section, the term "discharge" includes transfers to another facility, whether voluntary or involuntary. A voluntary discharge is initiated by the recipient or recipient's representative whereas an involuntary discharge is initiated by the facility.»

Note: Nursing Facility Level A (NF-A) replaces Intermediate Care Facility (ICF) references, and Nursing Facility Level B (NF-B) replaces Skilled Nursing Facility (SNF) references.

Medi-Cal Long Term Care Facility Admission and Discharge Form (MC 171)

NF-As and NF-Bs are required to complete the *Medi-Cal Long Term Care Facility Admission* and *Discharge Notification* (MC 171) form on admission or discharge of a patient.
((See Figures 1 and 2 on a following page in this section.)))

Admission Procedures

On admission to an LTC facility, a Medi-Cal recipient or the recipient's representative must complete the Medi-Cal *Long Term Care Facility Admission and Discharge Notification* (MC 171) form, Parts I and II.

The MC 171 must have the original signature of the recipient. «If the recipient's signature cannot be obtained (for example, in the case of a comatose recipient), the recipient's representative must indicate the reason the recipient's signature cannot be obtained.

The facility representative should review the information and submit a copy of the signed form with the initial *Treatment Authorization Request* (TAR).>>

Supplemental Security Income Recipients

When a Supplemental Security Income (SSI) recipient enters a Nursing Facility (NF), providers must notify a Social Security Administration (SSA) field office of the recipient's name, Social Security Number (SSN) and date of entry. SSI recipients are required to report their status to the provider when entering an NF.

Form Submission to Government Agencies

The LTC facility must retain a copy of the MC 171 for its files and send either the original or a copy to the proper government agencies depending on whether:

- A patient receives Supplemental Security Income/State Supplemental Payment (SSI/SSP). The <u>original</u> MC 171 should be sent to the local Social Security Office. The aid code for these recipients is 10, 20 or 60. A copy of the MC 171 should be forwarded to the local county welfare department. <<(See the list of County Welfare Departments on the following pages in this manual section.)>>>
- A patient receives aid under any program other than SSI/SSP. The <u>original MC 171</u> should be sent to the local county welfare department. The aid code for these recipients will be other than 10, 20 or 60.

Form Submission Not Required by DHCS, Medi-Cal Eligibility Division

The LTC facility is not required to submit a copy of the MC 171 form to the Department of Health Care Services (DHCS), Medi-Cal Eligibility Division. The Medi-Cal consultant will use the recipient's initial *Treatment Authorization Request* (TAR) as notification of the patient's admission.

Routine or Standing Orders – Hospitals and Skilled Nursing Facilities

Services billed to Medi-Cal that are the result of routine or standing orders for admission to a hospital or NF-B are not payable when applied indiscriminately to all patients. All patient orders, including standing orders for particular types of cases, must be specific to the patient and must represent necessary medical care for the diagnosis or treatment of a particular condition. Claims for routine orders will be subject to audit for medical necessity and will be denied if not justified by the facts relating to the case or if in excess of current patient needs.

The use of routine or standing orders is discouraged by the American College of Surgeons, the California Medical Association, the California Association of Hospitals and Health Systems, the Joint Commission on Accreditation of Healthcare Organizations and the American Medical Association.

Discharge Procedures

"The six reasons a recipient is discharged from an LTC facility are as follows:

- A discharge is necessary for the recipient's welfare and the recipient's needs cannot be met in the facility.
- The discharge is appropriate because the recipient's health has improved sufficiently such that the recipient no longer needs the services provided by the facility.
- The safety of the individuals in the facility is endangered due to the clinical or behavioral status of the recipient.
- The health of individuals in the facility would otherwise be endangered.
- The recipient has failed, after reasonable and appropriate notice, to pay for (or to have paid under Medi-Cal), a stay at the facility. Non-payment applies if the recipient does not submit the necessary paperwork for payment or Medi-Cal denies the claims and the recipient refuses to pay for their stay.
- The facility ceases to operate.
 - In the event of an involuntary facility closure, or termination of Medicare/Medi-Cal agreement, DHCS is responsible for arranging the safe and orderly discharge of any Medi-Cal recipients.

When a patient receiving NF-A or NF-B expires or is discharged from an LTC facility, the facility must complete Part III of the MC 171 and submit the original to the county welfare department.

«If the patient expires or at least 30 business days prior to the patient's discharge, the facility should update the existing TAR (except for bedhold TARs) and attach a copy of the MC 171 with Part III completed. The facility should submit the updated TAR electronically or to the TAR Processing Center for paper TARs.»

Discharge/Death on Day of Admission

If the day of discharge or death is the same day as admission, the day is payable regardless of the hour of discharge or death. If the day of death/discharge is not the same day as admission, the day is not payable.

Notice of Action

«The DHCS-issued Notice of Action (NOA) will be delivered to the recipient by mail, electronic format, or hand-delivery when DHCS modifies or denies a request for services, including non-acute Long Term Care services. The recipient then has the right to contest this determination. For more information regarding aid paid pending and a recipient's right to request a state hearing, refer to the *TAR Overview* section in the Part 1 Provider Manual, the *TAR Deferral/Denial Policy (Frank v. Kizer)* section of the Part 2 manual or the "Long-Term Care Information Sheet for Public Assistance and Medi-Cal Recipients (MC 171A)" section on a following page in this manual section.»

Long Term Care Facility Information for Public Assistance or Medi-Cal Recipients (MC 171A)

The Long Term Care Facility Information for Public Assistance or Medi-Cal Recipients (MC 171A) form is an information sheet for facilities to use to advise SSI/SSP and Medi-Cal-only recipients of the need to complete the MC 171 (see the "Long-Term Care Information Sheet for Public Assistance and Medi-Cal Recipients [MC 171A]" section on a following page). The form also explains a recipient's Share of Cost and the need to inform SSA and county welfare departments of a change in status.

IV. Explanation of over 50% of cost of care mentioned in item II.C. of this form.

Cost of care is the daily charge per patient excluding any additional services rendered to the patient which are billed separately by other providers (i.e., ambulance, physician, pharmacy, etc.).

For example, if the daily rate is \$30 per day, the monthly charge for a 30-day month would be \$900. If a patient enters the facility during the month of January, and is expected to stay at least one full calendar month after the month of admission (through February), a "YES" response would be indicated for item II.C. if Medi-Cal is expected to pay over \$450 of the \$900 charge for February.

Long-Term Care Facility Information Sheet For Public Assistance or Medi-Cal Recipients (MC 171A)

The long term care (LTC) facility to which you are being admitted must comply with various federal and state regulations in order for its services to be paid for by the Medi-Cal program. Please cooperate with the LTC facility in completing any federal and state forms that must be prepared. The information you provide on these forms will assist in ensuring that you receive all of the benefits to which you are entitled without any undue delays. The Medi-Cal Long-Term Care Facility Admission and Discharge Notification Form (MC 171) which you have just been asked to complete is such a form.

The information you provide will be checked by computer with information provided by employers, banks, Social Security Administration, tax files, welfare, and other agencies.

California Code of Regulations, Title 22, Section 50185, says that as a Medi-Cal recipient you must report any changes in circumstances that might affect your eligibility for Medi-Cal no later than 10 calendar days following the date of the change. To assist you in reporting this type of change in your circumstances, the LTC facility will send the MC 171 to the appropriate Social Security Office and the county welfare department on your behalf. You are still responsible for ensuring that the proper action is taken in regard to your eligibility for Medi-Cal benefits, and therefore, if you do not hear from either SSA or the county within 45 days, please contact them immediately.

Depending on your individual situation, you may have to pay or obligate to pay a portion of your medical costs before Medi-Cal can pay for the rest of your care. This obligation is referred to as the recipient's share of cost. A worker from the county welfare department will determine whether you have a share of cost and the amount of any obligation now that you have entered an LTC facility. Persons in LTC facilities who have a share of cost pay or obligate the share of cost directly to the facility.

You have the right to a fair hearing if you are dissatisfied with any action taken by the county welfare department or the State Department of Health Services. If you wish to ask for a fair hearing, you must do so within 90 days after the date the notice of action was sent by the county or the date of the action with which you are dissatisfied.

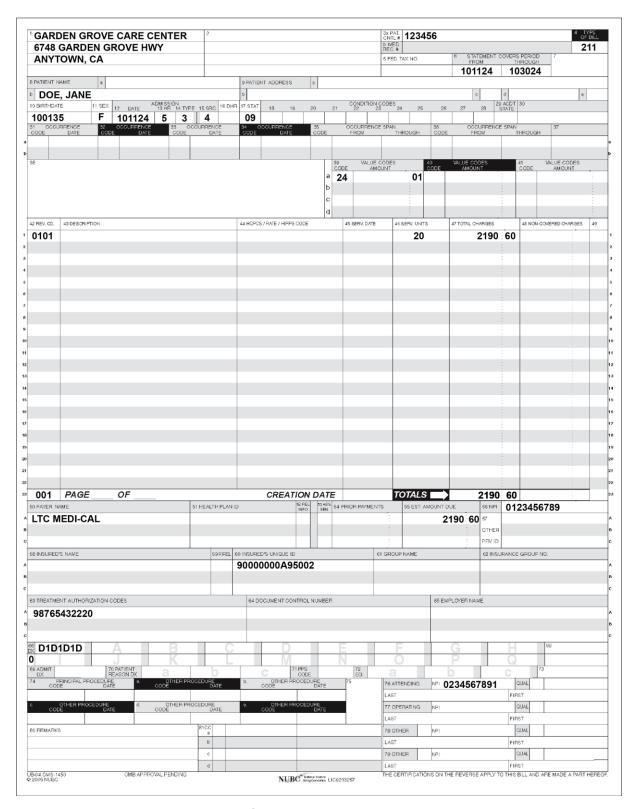

Figure 4. Discharge to home.

This is a sample only. Adapt to your billing situation.

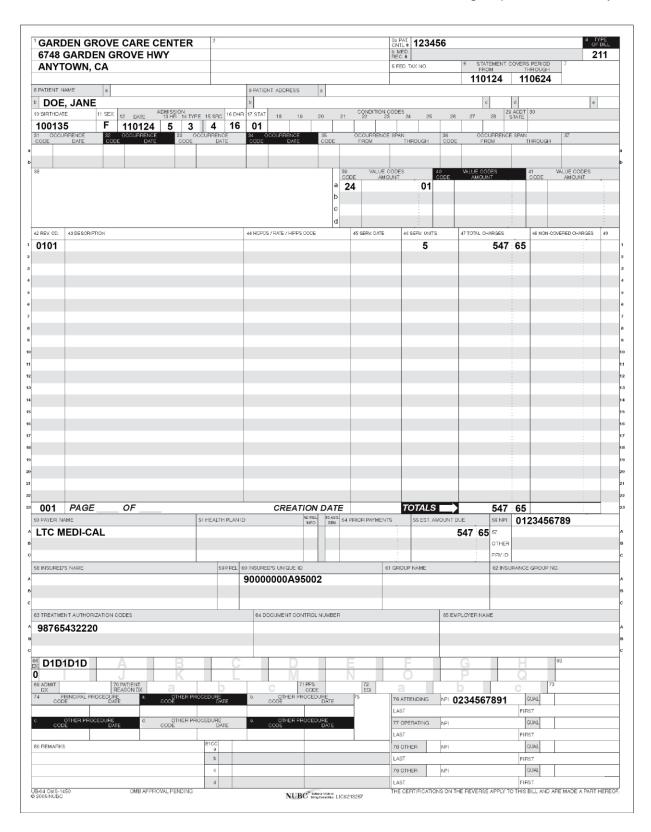

On November 6, 2024, the patient was discharged to home. The date of service period extended from November 1, 2024, through November 6, 2024, and is entered in the *Statement Covers Period From and Statement Covers Period Through* field (Box 6). During this billing period, the patient's discharge status is noted as "01" (discharged to home or self care) in the *Status* field (Box 17).

This billing period is calculated based on six days minus <u>one</u> day for discharge at the NF-B per diem rate of \$109.53. The gross amount, \$547.65, is entered in the *Total Charges* field (Box 47).

Also, because these services require a *Treatment Authorization Request* (TAR), the eleven-digit *TAR Control Number* (TCN) is entered in the *Treatment Authorization Codes* field (Box 63).>>
