Home Health Agencies (HHA) Billing Examples

Page updated: August 2020

Examples in this section are to assist providers in billing Home Health Agency (HHA) services on the *UB-04* claim form. For general policy information, refer to *the Home Health Agencies (HHA)* section in this manual. Refer to the *UB-04 Completion: Outpatient Services* section of this manual for instructions to complete claim fields not explained in the following example. For additional claim preparation information, refer to the Forms: *Legibility and Completion Standards* section of this manual.

Billing Tips: When completing claims, do not enter the decimal points in ICD-10-CM codes or dollar amounts. If requested information does not fit neatly in the *Remarks* field (Box 80) of the claim, type it on an 8½ x 11-inch sheet of paper and attach it to the claim.

Skilled Nursing Services: "From-Through" Billing

Figure 1. Skilled nursing services: "From-through" billing. This is a sample only. Please adapt to your billing situation.

In this case, a physician has prescribed in-home medical care for a man who requires intermittent injections. The patient has a written plan of care that is reviewed by the physician every 60 days. The agency that renders the services submits a claim for December 1, 2022. The skilled nursing visits are billed in the "from-through" format and require authorization.

Enter the two-digit facility type code "32" (nursing facility – outpatient) and one-character claim frequency code "1" as "321" in the *Type of Bill* field (Box 4). ‹‹Code "34" (Inpatient admit through discharge claim) and one-character claim frequency code "1" as "341" may be an option based on whether there is a plan of treatment in effect or not.››

HHA claims do not require condition, occurrence or value code information (Boxes 18 thru 28, 31 thru 37 and 39 thru 41).

On line 1, enter the procedure code description (skilled nursing visits) in the *Description* field (Box 43). Enter the "from" date of service (December 1, 2022) in the *Service Date* field (Box 45) as "120122." No other information is entered on this line.

On line 2, enter the specific days the services were rendered (6/1, 5, 8, 13, 20, 26 and 30) in the *Description* field. Enter code "0551" in the *Revenue Code* field (Box 42) to indicate that this is a home health skilled nursing visit. Enter the procedure code (HCPCS code G0299 or G0300) in the *HCPCS/Rate* field (Box 44) and the "through" date of service (December 1, 2022) in the Service Date field (Box 45) as "120122." Enter a "28" in the *Service Units* field (Box 46) for CPT® code G0299 or G0300 and the usual and customary charges in the *Total Charges* field (Box 47). Quantities must be billed in whole units.

On claim line 3, enter code "0589" in the *Revenue Code* field (Box 42) to indicate that this is a home health visit. Enter the description of the service rendered (administered drugs) in the *Description* field (Box 43), the procedure code for that service (CPT code 99600) in the *HCPCS/Rate* field (Box 44) and the service date in the *Service Date* field (Box 45). Enter a "1" in the *Service Units* field (Box 46) for CPT 99600. Quantities must be billed in whole units. Enter the usual and customary charges in the *Total Charges* field (Box 47).

On claim line 4, enter code "0270" in the *Revenue Code* field (Box 42) to indicate that this home health visit involved providing medical supplies. Enter the description of the service rendered (provided medical supplies) in the *Description* field (Box 43), the procedure code for the supplies (HCPCS code "A9999") in the *HCPCS/Rate* field (Box 44) and the service date in the *Service Date* field (Box 45). Enter a "1" in the *Service Units* field (Box 46) for HCPCS code A9999. Quantities must be billed in whole units. Enter the usual and customary charges in the *Total Charges* field (Box 47).

Enter code "001" in the *Revenue Code* field (Box 42, line 23) to designate that this is the total charge line and enter the totals of all charges in the *Totals* field (Box 47, line 23).

Enter "O/P Medi-Cal" to indicate the type of claim and payer in the *Payer Name* field (Box 50). The HHA's national provider identifier (NPI) is entered in the *NPI* field (Box 56).

Separately reimbursable medical supplies are subject to authorization regardless of their cost. Skilled nursing visits also require authorization. Enter the entire 11-digit *Treatment Authorization Request* (TAR) control number in the *Treatment Authorization Codes* field (Box 63). In this case, the TAR control number indicates authorization for each of the seven skilled nursing visits plus the supplies billed.

An appropriate ICD-10-CM diagnosis code is entered in Box 67. Because this claim is submitted with a diagnosis code, an ICD indicator is required in the white space below the *DX* field (Box 66). An indicator is required only when an ICD-10-CM/PCS code is entered on the claim.

Code A9999 must be billed "By Report," which requires that an invoice, an itemized list of supplies and a TAR be attached to the claim. Indicate in the *Remarks* field (Box 80) that the claim has attachments. (Refer to "Medical Supplies Provided by HHA" in the *Home Health Agencies (HHA)* section of this manual for additional code A9999 billing instructions.)

The rendering provider's NPI is entered in the *Operating* field (Box 77).
