

Ophthalmology: Diagnosis Codes

Page updated: January 2024

This section lists the ICD-10-CM diagnosis codes required to bill certain ophthalmological services and eye appliances (frames, lenses, contact lenses). Diagnosis codes must be entered in the *Diagnosis or Nature of Illness or Injury* field (Box 21) of the *CMS-1500* claim. For policy information, refer to the *Ophthalmology* section in this manual or the *Professional Services, Eye Appliances, Eyeglass Frames, Eyeglass Lenses, Contact Lenses and Low Vision Aids* sections in the Part 2 *Vision Care* manual.

Note: Primary and secondary diagnosis codes are placed in the area indicated by 21.1 and 21.2, respectively, on the CMS-1500 claim form.

The following CPT® and HCPCS codes must be billed in conjunction with a corresponding primary diagnosis code and, when applicable, one of the corresponding secondary diagnosis codes in the chart below:
