LTC Code and Claim Conversion: UB-04 Completion

Effective for dates of service on or after February 1, 2024, the fee-for-service Long Term Care (LTC) local service codes and the local *Payment Request for Long Term Care* (25-1) claim form are replaced with HIPAA-compliant national code sets and the *UB-04* claim form.

With the fee-for-service LTC code and claim form conversion, LTC providers can expect to prepare and submit claims according to the instructions below.

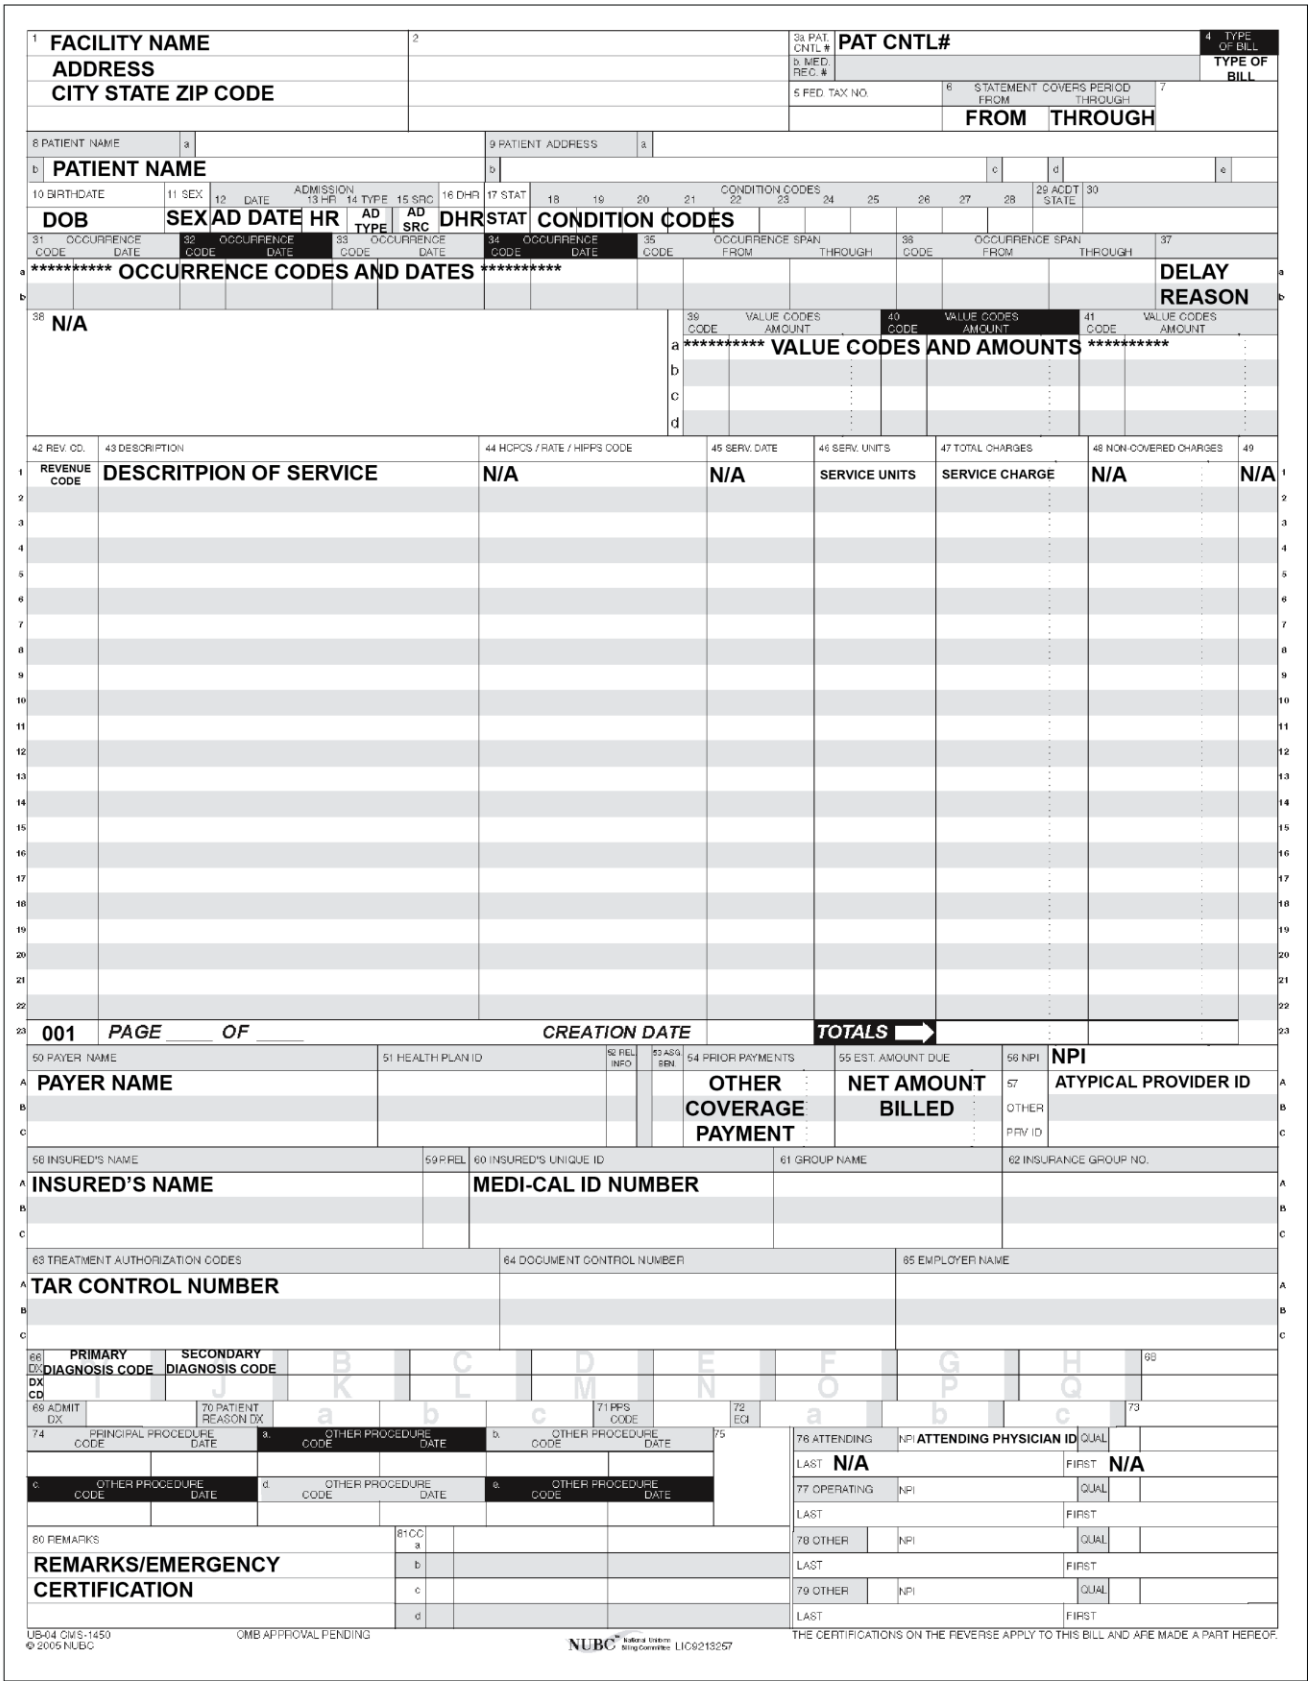

Figure 1: *UB-04* Claim Form

Explanation of Form Items

The following item numbers and descriptions correspond to the sample *UB-04* claim form on the previous page for completing LTC Medi-Cal claims and LTC Medi-Cal Part A coinsurance and Part B crossover claims. All items must be completed unless otherwise noted. Note that only one month's service can be billed on each claim form.

All instructions are applicable to both paper and computer media claims (CMC) except where noted.

For general paper claim and CMC billing instructions, review the *Forms: Legibility and Completion Standards* and CMC sections in Part 1 of the provider manual.

For additional crossover billing information, refer to the LTC Code and Claim Conversion: Forthcoming Crossover Changes" section of the LTC Claim Form and Code Conversion web page.

18 thru 24	**Condition Codes.** Condition codes are used to identify conditions relating to this claim that may affect payer processing. Although the Medi-Cal claims processing system only recognizes condition codes on the following pages, providers may include codes accepted by other payers. The claims processing system ignores all codes not applicable to Medi-Cal. Condition codes should be entered from left to right in numeric-alpha sequence starting with the lowest value. For example, if billing for three condition codes, “A1”, “80” and “82”, enter “80” in Box 18, “82” in Box 19 and “A1” in Box 20. Applicable Medi-Cal codes are: <u>Other Coverage:</u> Enter code “80” if recipient has Other Health Coverage (OHC). OHC includes insurance carriers as well as Prepaid Health Plans (PHPs) and Health Maintenance Organizations (HMOs) that provide any of the recipient’s health care needs. Eligibility under Medicare or a Medi-Cal managed care plan is not considered OHC and is identified separately. Medi-Cal policy requires that, with certain exceptions, providers must bill the recipient’s other health insurance coverage prior to billing Medi-Cal. For details about OHC, refer to the Other Health Coverage (OHC) Guidelines for Billing section in the Part 1 manual. Emergency Certification: Enter code “81” when billing for emergency services. An Emergency Certification Statement must be attached to the claim or entered in the *Remarks* field (Box 80). The statement must be signed by the attending provider. It is required for any service rendered under emergency conditions. These statements must be signed and dated by the provider and must be supported by a physician’s statement describing the nature of the emergency, including relevant clinical information about the patient’s condition. A mere statement that an emergency existed is not sufficient. If the Emergency Certification Statement will not fit in the *Remarks* field (Box 80), attach the statement to the claim. <u>Medicare Status:</u> Medicare status codes are required for Charpentier claims. In all other circumstances, these codes are optional; therefore, providers may leave this area of the *Conditions Codes* fields (Boxes 18 thru 24) blank on the *UB-04* claim. The Medicare status codes are listed in the Table of Medicare Status Code Descriptions (Items 18 thru 24).

39 thru 41a thru d	**Value Codes and Amount.** Patient's Share of Cost. Value codes and amounts are used to relate amounts to data elements necessary to process the claim. Value codes and amounts should be entered from left to right, top to bottom in numeric-alpha sequence, starting with the lowest value. For example, if billing for two value codes "24" (Medicaid Rate Code) and "23" (Accepted By Medi-Cal), enter "23" in Box 39a and "24" in Box 40a. Although the Medi-Cal claims processing system only recognizes select codes, providers may include codes and amounts billed to other payers in Boxes 39 thru 41. The claims processing system will ignore all codes not applicable to Medi-Cal. Do not enter a decimal point (.), dollar sign ($), positive (+) or negative (-) sign. Enter full dollar amount and cents, even if the amount is even (for example, if billing for $100, enter 10000 not 100). For more information about Share of Cost, refer to *the Share of Cost (SOC): UB-04 for Long Term Care* manual section. Enter "23" and the amount of the patient's Share of Cost for the service, if applicable. The recipient's net SOC liability is the amount billed to the recipient. The recipient's net SOC liability is determined by subtracting from the recipient's original SOC (listed on the Medi-Cal eligibility verification system) the amount expended by the recipient that qualifies under Medi-Cal rules to reduce the patient's SOC liability. For continuing recipients, such qualifying expenditures will generally be those for necessary medical or remedial services or items "not covered" by Medi-Cal. The SOC amount entered in this box must agree with the "TOTAL SOC DEDUCTED FROM LTC CLAIM" entered on the DHS 6114 form, Item 15. When billing the recipient for less than the SOC amount indicated by the Medi-Cal eligibility verification system, show why in the Remarks field (Box 80). The SOC amount is deducted from the amount billed to Medi-Cal. Enter "24" (Medicaid Rate Code) and the corresponding Designated State Level Medicaid Rate Code on the Value code and amount fields associated with LTC services. The Designated State Level Medicaid Rate Code should be entered in the "cents" portion of the Value Code Amount Field. Refer to the *LTC Accommodation Code to Revenue Code, Value Code and Value Code Amount Crosswalk* for information/mapping between local and national/NUBC billing codes.

Refer to the *CIF Completion* and *CIF Special Billing Instructions for Long Term Care* manual sections for information regarding claim adjustments. Enter the "Total Charge" for all services on Line 23. Enter code 001 in *Revenue Code* field (Box 42) to indicate that this is the total charge line (refer to Item 42 on a preceding page).
